

## ABSTRACT

Fowler, D.L., compiler. 2006. Second Interagency Conference on Research in the Watersheds, May 16-18, 2006, Coweeta Hydrologic Laboratory, Otto, NC.

The report comprises papers and abstracts from the Second Interagency Conference on Research in the Watersheds, May 16-18, Coweeta Hydrologic Laboratory, Otto, NC. Authors from several agencies (e.g., USDA ARS, US-EPA, USFS) and the private sector contributed papers on topics ranging from new technology and analytical procedures, modeling, and hydrologic responses to disturbance. To ensure timely distribution, the report has been reproduced essentially as submitted by the authors. Papers received a minor amount of editing for consistency and formatting, but they have not been peer reviewed. The authors' views are their own and do not necessarily reflect those of the U.S. Department of Agriculture, the USDA Forest Service, the publisher, or the Coweeta Hydrologic Laboratory. Mention of trade names or commercial products in this report is solely for the purpose of providing specific information and does not imply recommendation or endorsement by the U.S. Department of Agriculture.
